Comune di La Cassa .

Piazza Galetto ,4.

10040 La Cassa - Torino, I T A L Y.

Respected President of Comune di La Cassa,
Seasonal greetings to you from Rev.Fr.D.Vijaya Paul, India.

I am glad to write to you to express my deep sentiments of love, joy and gratitude towards you for your generosity towards the Indian Rural Women. The "Buffaloes Project" for the rural women in our area is carried on with your generosity and financial support which we are doing in collaboration of Unifam. A Big THANKS for your generosity. I appreciate it very much.

My recent visit to Torino in the month of October is a great success and fruitful because of your support. We have received your generous support through Sig.Giovanni Carello, President of Unifam. He gave me a check worth of Euro 300=00 on your behalf toward this project, which will be used for the same purpose and submit the report later on. Yes, the Indian Rural women are really facing the financial problems in their families, villages and society at large. Your financial assistance is a great encouragement and support to them and to their families, for which they shall remain ever grateful to you. I am very much impressed by your generosity, which will also strengthen my zeal and commitment in my ministry. My mission is to reach out to as many people, especially children and women as possible so that they can have a better life .

The buffaloes project is a very good project for women, whose life situation changes at least to a some extent , because of the daily income they get by selling the milk, which they will be able to use for the education of their children, for their daily bread and to meet daily family domestic needs.

Christmas is the best time to remember the good and generous people. So how can I forget you?. I take this chance to wish you

HAPPY CHIRSTMAS AND A PROSPEROUS NEW YEAR 2009.

May the Child Jesus bless you . May the year 2009, be a year of peace, joy and happiness to you all.

May we look forward for similar cooperation and support in the new year too.

I am ever grateful to Sig.Giovanni Carello and the Unifam Association, for their continues support and encouragement in reaching out the un-reached women and the children of our area. Thanks for your generosity.

Yours gratefully.

Rev.Fr.D.Vijaya Paul.
